Hi everyone! I’m Jonathan and I wanted to thank you for joining us in doing some of these projects. My video series is all about letting go of being perfect and learning that making things is a process that we should enjoy as much, if not more, than the final result.

These are all things it has taken me years and years to realize and I wish I would have learned them sooner, and I hope sharing them with you will help you along your creative journey!

Before we get started, you’ll want to gather a few supplies:

Paper
Light drawing tools (pencils, highlighters, light markers, light colored pencils, etc.—you could also use watercolors or even tea or coffee)
Dark drawing tools (pens, dark markers, etc.)
