

PROJECT #32

CREATE MORE CONNECTIONS!

Hello! I'm Kelsey. In my video series, the projects are all about how we can stay connected with people we care about, even though we're in a time where we need to keep our distance. In every video, you will make something.

Get ready to get a little creative, maybe a little messy, and maybe try something new.

Here are the supplies you'll need for the full series:

Stack of plain white paper, graph or lined paper

Colored and recycled papers

Cardboard

Junk mail, old newspapers and magazines

Pencil

Markers

Round item you can use as a circle template

A set of markers (all the same length)

An empty cereal, pasta or snack box

String

Hole punch

Glue or glue stick

Chalk

Tape

Scissors

Ruler
